Certified NLP and Hypnosis Practitioner

Dear Debra:

It gives me great pleasure to provide this letter of recommendation indicating our strong support for your commitment to, and participation in, our recent Entrepreneurship Bootcamp for Veterans with Disabilities (EBV) program.

Your subject matter on Time Management was absolutely essential to our program curriculum. While this is a personal hot-button of mine, we have struggled to find a speaker that can deliver the content with passion and experience. Fortunately for us – we found you!

Your combination of style and content was perfect. Based on our personal experience at the session, coupled with the student survey results (9+ out of 10), we know we struck a nerve and attacked this much needed discipline.

As we plan on our next Cohort (VEJ - Fall 2017), we hope you will be available to join us again. Many thanks for a job well done, and for your gracious support for our program and our veterans.

Sincerely,

Ralph W. Galati  
Director, Office of Veterans Services
